

Case Study - Spinal Care Clinics

Talis Projects were privileged to be awarded the complete fit out of the new Chiropractic Clinic.

The building was in a complete state of disrepair, and required us to undertake works to all areas covering the below;

- Planning & Design, Building Control Applications
- New Shop Front and Windows & Glazing
- Security Shutters
- New Electrical supply, Electrical & Data
- New Central Heating System & Air Conditioning
- Partitions, Ceilings & Floorcoverings
- Kitchen & Toilets incl Disabled
- X Ray Room
- Specialist Joinery
- Bespoke Reception & Furniture
- Decoration Internal & External

"Your professionalism and expertise were a great asset through many important decisions we took. We definitely slept well at night knowing you are in charge and many times you solved problems without even bothering us first.

You were able to manage your team to achieve the high expectations set by ourselves in a gentlemanly approach which was appreciated by everyone.

For all that we would like to sincerely thank you."

Ron & Ronen Raphael
